As a property owner, tenant or person who has requested notice, you should know that the Planning Commission will hold a public hearing to approve, conditionally approve, or deny an application for a Tentative Map (PROCESS 4) to convert 10 residential units to condominiums on a 0.268 acre site. The property is located at 3005 Columbia Street in the MR-1500 Zone of Mid-City Communities Planned District within the Uptown Community Planning Area, Airport Environs, and Council District 2.

Should the condominium conversion project be approved, tenants may be required to vacate the premises. No units may be sold in this building unless the conversion is approved by the city and until after a public report is issued by the Department of Real Estate. Each tenant has the exclusive right to contract for the purchase of his or her respective unit upon the same terms and conditions that such unit will be initially offered to the general public or terms more favorable to the tenant. The right shall run for a period of not less than 90 days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his or her intention not to exercise the right.

The decision of the Planning Commission is final unless appealed to the City Council. In order to appeal the decision of the Planning Commission you must be present at the public hearing and file a speaker slip concerning the application or have expressed interest by writing to the Planning Commission before the close of the public hearing. To file an appeal, contact the City Clerk at 202 "C" Street, Second Floor. The appeal must be made within 10 working days of the Planning Commission decision. If you wish to

challenge the City's action on the above proceedings in court, you may be limited to addressing only those issues you or someone else have raised at the public hearing described in this notice, or written in correspondence to the City at or before the public hearing.
